

2011 Rowan Cub Scout Day Camp

2011 Cub Scout Day Camp theme this year was Scout Odyssey. Activities in camp were done around this theme. In addition to the activities below Scouts were sent home with progress in other activities. They require additional steps to complete them (e.g. report findings, write reports, etc.). Astronomy and Astrology were 2 areas the scouts can continue to work on. In addition scouts learned knowledge and built items using solar power and hydro pneumatic.

Belt Loops and Pins

Archery

Progress tracked and sent home on separate sheet
